

SUPERIOR COURT OF CALIFORNIA
County of Sacramento

Public Notice – Civil Division
Department 59 Settlement Conference

Due to the pandemic, all settlement conferences have been conducted remotely through zoom. The court will now transition back to in person settlement conferences.

Effective June 6, 2022, all persons whose consent is required to effect a binding settlement shall be personally present for the settlement conference unless they have been excused from attendance, or granted permission to appear by Zoom.

Any person who seeks permission not to appear, or to appear by Zoom, at the settlement conference must request this status at least seven court days before the conference, and should include the response of all other parties to this request. Any person so excused must remain immediately available for remote appearance by Zoom.
