Commemorating Veterans Day 2024

Sacramento, CA – To commemorate Veterans Day 2024, the Honorable Lawrence G. Brown made the following statement today on behalf of the Sacramento Superior Court and its Veterans Treatment Court program:

The Veterans Treatment Court was established a decade ago to support those who have served our nation and, as a result, carry scars, visible or otherwise. With a talented and dedicated team of veteran mentors, treatment professionals, probation officers, district attorneys, and defense counsel, it continues to carry out its mission successfully.

This year marks the 10th anniversary of the Veterans Treatment Court in Sacramento County. Veterans eligible for VA benefits and charged with offenses related to issues from U.S. military service may qualify for the Veterans Treatment program.
